OFFICIAL PAPER OF COUNTY.

ANNOUNCEMENTS.

I hereby announce myself an independent non-submission candidate for the office of Representative of the 25th District.

A. G. JONES.

At the request of numerous friends I hereby announce myself as a candidate for the office of County Superintendent of Public Instruction.

Mrs. H. M. McCORMACK.

REPORT OF ALLEN COUNTY HORTICULTURAL SOCIETY MEETING.

IOLA, Saturday, Sept. 20th, 1884.

The meeting was called to order with President Riley in the chair. Minutes of the previous meeting approved, followed by a general discussion on the ravages of the codling moth, it being the general opinion that the best preventative was to keep the stock hogs in the orchard.

On motion the committee who went to make the exhibit at the fair was called on for a report. The following report was presented and read by the secretary, adopted and the committee discharged:

"The undersigned committee whose duty it became to collect fruits for exhibition at Bismarck Grove, and the Kansas State Fair, beg leave to make the following condensed statement:
We visited several orchards in making our selections, and 12 orchards sent fruit to us, making 29 different orchards from which we had specimens. At our exhibition at Bismarck Grove we had one hundred varieties of apples, ten of grapes, nine crab apples, and twelve of pears. We exhibited against counties having over three hundred varieties of apples, and double the number of grapes and pears that we had, but owing to the superior quality, freedom from insects and careful handling we were awarded the first premium of \$200.

At the Kansas State Fair, at Topeka our specimens were reduced by the decay of the early and tender varieties to eighty-five varieties of apples, ten pears, seven grapes, eight crab apples. We also exhibited twenty varieties single plates, and best varieties of Kansas seedlings. On our general exhibit competing with twenty other counties, we received second premium of \$100, and on a single plate display \$15, making a total of both fairs of \$315.00. From this we had to pay ten per cent. as entry fees, leaving us in net cash \$183.50. Your committee have been twenty-one days in collecting and making the display, and thinking that they were entitled to some compensation for the labor and time spent, have divided the \$83.50, making a fraction less than \$2.00 per day for each of us, the remainder is on deposit at the bank in the name of the Allen County Horticultural Society.

Our railroad fare, freight charges, boarding, lodging and other necessary expense, was paid by contribution from the citizens of Iola and Humboldt, Iola giving us \$22.50 and Humboldt \$25. This amount, with a small amount received from the sale of fruit left, being sufficient, by using the strictest economy, to defray the necessary expenses. We kept a detailed account of our expenses, which can be produced if necessary for investigation. In addition to the list of fruits received, we had from Mr. Eckley, of Iola, one box of grapes, pears and apples, and one barrel and two baskets from C. C. Kelsey, of Humboldt. These being duplicates of what we already had, did not increase our number of varieties, but came in the right place to freshen up what was beginning to decay. We think that our success may tend to the prosperity of our society and that we will commence in time for the next exhibition, and be able to exceed all past efforts; also, the thanks of the committee are due to everybody for their liberal assistance of money and fruit, without which we could not have succeeded."

Respectfully,
H. E. VANDEMAN,
B. F. PANCOAST.

On motion of H. E. Vandeman, a committee of three was appointed consisting of the president and treasurer and H. H. Hayward, whose duty it shall be to control and manage any and all surplus funds belonging to the society, and make such disposition of the same as the society may direct by vote at any regular meeting.

On motion the president, C. C. Kelsey, and vice-president, H. E. Vandeman, were appointed a committee to collect specimens for display at the World's Fair at New Orleans, the display to be made by and in the name of the Allen County Horticultural Society.

On motion, H. H. Hayward was appointed (with privilege of getting all the assistance necessary) to solicit funds, to enable the society to make a creditable display at New Orleans.

Eight new members came forward and subscribed to the constitution.

H. Groesbeck was chosen to procure a room for society meeting.

Adjourned to meet again on second Saturday in October, at 1 o'clock, p. m.

B. F. PANCOAST, Sec'y.

A FRIENDLY SUGGESTION.

THE REGISTER is always in favor of harmony in the party. It makes no difference what party it is. We hate to see brethren contending with one another. When we heard therefore, that there was to be some discussion at the re-submission convention next Tuesday, on account of a division of sentiment as to what the platform should contain, we immediately set to work to harmonize matters. We talked with re-subs. from all parts of the county and made a note of each one's opinion. Contrary to what we had been informed, we found a practical unanimity of sentiment. Some wanted more (malt) and some less, but their wants all ran in the same line. After careful consideration we have prepared a set of resolutions which, we believe, embody the opinion of a vast majority of the re-submissionists of the county. These resolutions are respectfully submitted to the consideration of delegates to the convention next Tuesday, with the

hope that our efforts will be appreciated, and that the platform suggested may prove to be common ground upon which all can stand. The resolutions are as follows:

Whereas, The people of Kansas have enacted a wicked and despotic law, called the prohibitory law, and Whereas, Said law makes it inconvenient and next to impossible for us to get our sea foam, and

Whereas, We want our sea foam, and want it bad, and

Whereas, We are bound to get it, and

Whereas, There are more ways of killing a dog than by making him into sausage meat, therefore (for the purpose of this election) be it

Resolved, That the whole blasted liquor law is un-consti-tu-tional.

Resolved, That it is an outrage upon our personal liberty.

Resolved, That it is a failure.

Resolved, That the people never voted for it.

Resolved, That they want to vote for it again.

Resolved, That the only way for them to have their wish is to give us the offices.

Resolved, That we want the offices worse, if possible, than we want sea foam.

Resolved, That we must have them.

Resolved, That we are mighty doubtful about getting them.

Resolved, That in order to make a sure thing of it, all votes cast at the ensuing election be declared illegal except the ones cast for us.

"I have both used and sold Prickly Ash Bitters for a number of years, and think it the best bitters made for biliousness, Liver Complaints and for toning up the system," so writes W. H. Cole, druggist, of Joplin, Mo. A single trial of this remedy will convince any person of the truth of the above.

OUR LIVE DRUGGISTS.

Goodhue & Evans, are daily having calls for Begg's' Diarrhoea Balsam. In cases of Colic, Cholera, Cholera Morbus, Diarrhoea, Dysentery, Bloody Flux, Inflammation of the Bowels, etc., it will bring immediate relief. Every bottle sold is positively warranted to give satisfaction, or money refunded. Price, 25 cents.

DON'T GIVE UP YET.

It doesn't follow that a patient will die because the doctors have "given him up," or that he will recover because they promise to "pull him through." It is never too late to try the great virtues of Parker's Tonic. Mr. Michael Guilfoyle, of Brigampton N. Y., was cured of rheumatism by it after ten years of "unspeakable suffering." Mr. R. W. Mosher, druggist, of same city, certifies that he has sold some thousand bottles of Parker's Tonic through its reputation for this and other cures.

COUNTY NOTES.

FROM REGISTER REPORTERS.

What is Being Done Throughout the County—Events and Gossip of the Week.

Neosho Valley Notes.

A great many of those who have been in the habit of attending the district fairs at Neosho Falls, this year remain at home on account of the 20 cent gate fee.

Uncle Johnny Hays went to Neosho county on Tuesday to spend a season with his children there.

At the time we wrote last week we had not been apprised of the death of Mr. Culbertson's youngest child which occurred the week previous.

The Lake family were up from Neosho county visiting relatives this week.

Mr. Silas, a brother-in-law of C. J. Carnahan, arrived here from Missouri with his family and household goods, a few days since. He expects to buy or otherwise secure the use of a farm in this vicinity.

As his goods have arrived, with the information that he soon will follow, it can no longer be doubted that Mr. Reeder intends again to till Kansas soil. One by one they return.

The fatherly smile that is so apparent on the phys of Robert Crook, is attributed to the arrival of that boy on Thursday of last week.

A brother-in-law of Pat. McCabe is here from Illinois.

Wm. Holmes was in from the West on business the first of the week.

Moran Matters.

Honstead & Brown have the contract for building the school house.

Charlie Cris has sold his town property to a gentleman by the name of Custer.

Mrs. Wm. Matlocks is visiting her brother in Wayneville, Ill., and Mrs. Harry Armstrong is visiting her brother in Garnett.

The Rev. S. D. Jewell, of Big Flats, New York, is visiting his brothers, the Doctor and Anson. The gentleman made a host of friends while here last fall who are glad to meet him again.

Mr. Kavanaugh, the Chicago broom corn man left Monday for parts where corn can be bought cheaper.

Robert Dawson shipped a car load of hogs Monday.

A girl at Fed Bray's is the latest arrival reported by Dr. Jewell.

Miss Mand Moore, who has been sick for the past week, is convalescent.

Mr. Decker's little girl is sick.

One Matthers has gone to Chicago to purchase winter goods for the store.

The Strickler boys have sold their livery stable to Mr. Shield, father of Sam Shield.

I am requested to announce through the Recorder that there will be a missionary meeting in the church next Sabbath immediately after Sunday School; also communion services in the afternoon, conducted by Rev. S. D. Jewell.

Mr. Joseph Edson, of St. Louis, and Miss Annie McLaughlin were married last Thursday and left next morning for St. Louis. Also Jake, our barber, brought home his bride and is now one of the happiest men in town.

Well, we are all going to Fort Scott Saturday to the grand rally. We have the promise of a car and have engaged the band and a grand, good time is anticipated. Let every one who can, turn out.

The Hon. E. H. Fannin will address the citizens of Marmaton township at the school house in Moran. We say to the Opposition: come out and see and hear the man who last spring accepted the whole township of you democrats, greenbackers and soft shelled republicans, and can do it again.

Mr. Shockey is building a new residence on the west side.

Mr. Hawk has rented his farm and is going back to Ohio. His sale comes off Tuesday next.

On account of the rain last Tuesday Frank Bray postponed his sale until next Monday the 25th inst.

A young man by the name of Vanspeake met with a serious accident the latter part of last week. He was feeding a broom corn seeder when his hand was caught and drawn into the machine tearing his arm so badly that the Doctor thinks it will have to be amputated. The machine had to be broken before they could get him loose.

Now and then you meet a democrat who says he believes Glick will be elected. But none will bet on Cleveland.

Mr. Wilber Wells had a valuable horse killed by lightning Tuesday night.

Coney Shlemmer has a felon on his hand which interferes with his work materially.

Mr. Selbee informs me that he has harvested about 2,500 pounds of muskmelon seeds from ten acres. Not a bad yield for "drouthy Kansas."

A gentleman by the name of Emerson, from near Dayton, Ohio, is visiting Mr. Young.

Mr. Wm. Riggs has traded the Strickler farm on Deer creek to Mr. S. Finley for his land east of town and a third interest in D. Mann & Co's store and a residence in town.

Last week we forgot to mention the arrival of a girl at Mr. Finley's.

Mrs. A. F. Mahie, of Iola, is visiting at Mr. Brady's this week.

Cutting broom corn is the order of the day.

Several of the farmers around here have raised sorghum and are hauling it off now.

Salem school house will be sold at auction the 25th. The new one will be 25x44 feet.

If the old school house is torn down by next Sunday evening, meeting will be held at J-dido school house, commencing at half past seven o'clock.

Haying is about over, and so is the millet harvest.

There were two or three good rains here last Monday and Tuesday.

We have heard of only two men who intend to vote for St. John. Those who are really in favor of prohibition will vote the republican ticket.
